ABOUT THE UNIVERSITY
Jagan Nath University, Bahadurgarh, Haryana, came into existence as a Private University in May 2013, incorporated under Haryana State Legislature Act No. 8 of 2013, approved under Section 22 of the UGC Act 1956 and is member of Association of Indian Universities (AIU). The University started functioning with effect from the academic session 2013-14 on its own 26 acres campus located at State Highway 22, Bahadurgarh-Jhajjar Road, Distt. Jhajjar, Haryana, NCR. It is a multi-faculty University offering UG and PG programs in the areas of Engineering and Technology, Architecture, Management, Commerce, Law, Journalism and Mass Communication, Physiotherapy, Pharmacy, Agriculture Science, Teacher Education and Vocational Studies. The University has developed good infrastructure in the form of classrooms, labs, library, play grounds, hostels, computer center, cgr, research farms, skill development center and other amenities to provide quality education to the students. The University has the advantage of being sponsored by visionary promoters, the Jagan Nath Gupta Memorial Educational Society, which is a registered non-profit organization established in 1993 and importing quality education through its various institutions located in the States of Delhi, UP, Haryana and Rajasthan. The Society is running 10 higher education institutions, 2 Universities, having more than 10,000 students and 600 faculty members.

OBJECTIVES
1. To create awareness about emerging science and technologies relevant to agriculture, food industry, environment, and health.

Original research papers are invited from researchers and scholars covering topics related to above objectives. It should be of.doc file with double spaced in Times New Roman, font size 12, typed in English at:
spectrumjnb@gmail.com
Up to April 15, 2021; acceptance of Abstracts/Papers will be by April 20, 2021. Accepted/Selected papers will be published in form of edited book with ISBN or Journal.

REGISTRATION
All the interested participants are requested to register for the conference.
Registration Fees:
Students/ Scholar: Rs. 500/-
Faculty Members: Rs. 1000/-
Scientists/Industrial Persons: Rs. 1500/-
Fees can be deposited ONLINE in following account:
A/c Name: JAGANNATH UNIVERSITY
A/c No: 50100103616876
IFSC Code: HDFC0000325
Branch: Shyamji Complex, Delhi - Rohat Road, Bahadurgarh

ABOUT THE CONFERENCE
Science and Technology is fast growing disciplines which impacts sustainable development of the nation and society as a whole. A holistic vision should be developed around emerging technologies from many angles including engineering, management and humanities to avail whole the same gains of education. The new education policy also entails in its objectives use of technology for teaching process. Health sector is also gaining importance in both medical and allied health sciences are progressing at much higher pace than ever before especially in COVID-19 pandemic era. The business scenario is changing which needs paradigm shift in management policy and practices. Commerce rate socioeconomic changes leading to new societal issues and conflicting interest necessitate new law provisions to enhance coherence among highly diversified Indian society composed of multi ethnic and religious group.

The world population is likely to be 8 billion by 2025 and likely to stabilize at 10 billion by 2050. Currently 850 Million people suffer from hunger and about 2 billion people are malnourished. This warrants necessity for steady growth of agriculture sector ensuring food security for all and food commodities with adequate nutritional value. Though India has attained self-sufficiency for food production yet the number of people below poverty line is very high that hampers a considerable extent local access to food. FDI and food subsidies therefore should be effectively worked out in developing countries including India. The ever increasing population, over exploitation of natural resources, stress on higher education, shortage of trained teachers, and demarcation of role of education and health in the socio-economic order is witnessing changes in the electronic and print media and technologies for outreach activities.

Keeping the above facts in view an International Conference shall be organized at JNUB campus to discuss synergy among core areas of sciences, technology, management, humanities, environmental sustainability and role of national and international organizations to tackle the emerging problems through tangible solutions.
INTERNATIONAL CONFERENCE
ON
“RECENT TRENDS IN SCIENCE, TECHNOLOGY, MANAGEMENT & HUMANITIES”
[Spectrum – 2021]
Jagan Nath University, Bahadurgarh (India)
To be held on
Saturday; May 01, 2021
